STRIPED BASS

Drums, Spot and Croaker Family (*Sciaenidae*)

CROAKER

SPOT

KEY TO SCALE BOXES

Red box= Large fish (12-25")

Yellow box= Medium fish (6-12")

Green box= Small fish (1-5")

Two boxes indicates fish species could be in either range. For example, a yellow and red box together means that the fish may max out at either medium or large sizes, depending on the species.
